EDUCATIONAL OBJECTIVES

Upon completion of this course, participants should:

- Be familiar with various diagnostic and treatment options for developmental disabilities: current, new, and related research
- Understand current screening options and techniques for assessing signs and symptoms of autistic spectrum disorders
- Be familiar with three or more treatment/educational options for children with autistic spectrum disorders
- Recognize physical characteristics and clinical signs suggesting syndrome entities associated with mental retardation
- Be familiar with signs of sexual abuse/victimization and substance abuse in individuals with developmental disabilities
- Understand select subspecialty concerns, diagnostic and treatment options, and referral resources for individuals with complex health care needs and developmental disabilities
- Become familiar with neurodiagnostic options and molecular genetic potential for diagnosing atypical seizure disorders and other associated co-morbidities in developmental disabilities
- Be familiar with various aspects of bioethical and legal concerns for individuals with developmental disabilities. These include consent and refusal for medical treatment, advance directives, considerations relating to sexual activity and/or abuse, and indications for conservatorship

3RD ANNUAL

Developmental Disabilities: An Update for Health Professionals

A 2-Day Continuing Medical Education Course Presented By:
University of California, San Francisco • School of Medicine
University of California, San Francisco • School of Nursing
Supported in part by a grant from the
California Department of Developmental Services

UCSF School of Medicine

UCSF
School of
Nursing

UCSF School of Medicine
Laurel Heights Conference Center
3333 California Street San Francisco

Developmental Disabilities:

An Update for Health Professionals

We are pleased to invite you to attend our third annual Developmental Disabilities Update course in San Francisco March 12 - 13, 2004. Health care professionals are increasingly caring for adults, as well as children with complex health care needs, in primary care as well as subspecialty contexts. This broad reaching program will provide a useful and practical update as well as an overview of relevant information for pediatricians, family physicians, internists, nurses, physician assistants, and others who are involved in the care of individuals with developmental disabilities. The course should also be of interest to those in allied health, psychology, speech and language pathology, special education, and social work professions. Early identification, as well as transition to adult services across the life span, will emphasize special needs and interventions. Clinical and research updates on current and new diagnostic and treatment interventions in developmental disabilities are highlighted. We again include an expanded dialogue on ethical and legal concerns and a variety of outstanding topics on differential diagnosis of emotional and behavioral disorders, diagnostic syndromes, and living with cerebral palsy. Mini-symposia are featured on Autistic Spectrum Disorder and on considerations of Sexual Victimization and Substance Abuse in this special population. The faculty for this course is comprised of specialists well acquainted with children and adults with developmental disabilities and special health care needs. They look forward to sharing their expertise and experience in order to assist you in better serving individuals with DD. The course is designed to provide you with current information about diagnostic and treatment considerations, as well as the availability of additional resources. The latter will be featured in a special "Life Span Developmental Disabilities Resource Exhibition" concurrent with the conference.

It is our sincere hope that, in addition to those attending, your patients and clients with special care needs will be the ultimate beneficiaries of the increased knowledge this course will provide.

3:30	Closing and Evaluations	

program

GENERAL INFORMATION

Pre-registration is preferred to ensure that registrants receive a syllabus and CME Certificate at the course.

How to Enroll

Tuition: Before 2/20/04

\$250.00 Physicians
\$125.00 Allied Health
Professionals

After 2/20/04

\$300.00 Physicians
\$150.00 Allied Health
Professionals

Physicians in training must include a letter of verification from training program with registration to qualify for reduced tuition fee.

Payment can be made by Visa, MasterCard or check.

Register via:

Online: **www.cme.ucsf.edu**

Mail: Complete course registration form and send with payment to:

**UCSF Office of Continuing
Medical Education
P.O. Box 45368
San Francisco, CA
94145-0368**

Fax: Fax completed registration form to:
(415) 502-1795

To register by phone, please call UCSF's CME Registration Office at (415) 476-5808.

Refunds

Cancellations received in writing on or before March 11, 2004, will be refunded, less a \$75 administrative fee. No refunds will be made on cancellations received after that date.

Accommodations

For your convenience, a small block of rooms has been reserved one block away from the Laurel Heights Conference Center at the Laurel Inn, 444 Presidio Avenue, until February 11, 2004 at a special conference rate of \$155 per night. Telephone: 800-552-8735 or 415-567-8467; fax: 415-928-1866. When placing reservations by phone or by fax, please mention that you are attending the UCSF Disabilities conference.

Parking

Limited parking is available at the Laurel Heights Conference Center for \$10/day on Friday and \$1/day on Saturday. The conference center is located at 3333 California Street, between Presidio Avenue and Laurel Street and is accessible by public transportation (MUNI lines 1, 2, 4, and 43).

On-Site Registration

Time: 7:30am - 8:00am

Date: Friday, March 12, 2004

Place: UCSF/Laurel Heights Conference
Center
3333 California Street
San Francisco, CA

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of California, San Francisco School of Medicine (UCSF) designates this education activity for a maximum of 15.25 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Nurse Credit: The California State Board of Registered Nursing accepts courses approved for AMA PRA category 1 credit as meeting the continuing education requirements for renewal. Nurses from states other than California should inquire with their local state board for specific continuing education policies.

Psychology Credit: CME is accepted by the California Board of Psychology for psychologists. Psychologists are responsible for reporting their own attendance at Continuing Medical Education activities to the California Psychological Association Accrediting Agency. The MCEP Credit Reporting Form for this purpose will be available at the course registration desk.
